Port Expansion Bill Passes Assembly Floor

Madison—This afternoon, AB 325, authored by David Steffen (R-Howard) relating to a harbor assistance grant for the city of Green Bay passed on the Assembly floor with bipartisan support.

“I am excited and proud that my colleagues on both sides of the aisle helped me achieve this transformative opportunity for the city of Green Bay and all of Northeast WI” said Rep. Steffen.

Under AB 325, the Department of Transportation will award a harbor assistance grant of not more than \$1,200,000 to the city of Green Bay for planning and geo-technical work at the former WPS coal-fired plant site located at the mouth of the Fox River. The 200+ acres at this alternate site will be an ideal location for the coal pile relocation, and allow for the Port of Green Bay to dramatically expand its current port capacities.

“I am happy that the city of Green Bay has been given this opportunity and I am looking forward to the continued support as the bill makes its way through the Senate”

For more information please contact Representative Steffen. He can be reached at (608)266-5840 or by email at Rep.Steffen@legis.wisconsin.gov.
