Rep. Brandtjen- (608)267-2367

Terrorism and the threat of terrorism has been around since the fall of the Roman Empire. World War One was started by an act of terrorism against Austria's Archduke Ferdinand. America has suffered various attacks throughout the 1990's and our failure to react led to the historic tragedy on 9/11.

The number one responsibility of Government at any level is to protect its citizens from harm. Syrian refugees should not be in Wisconsin as it may put our citizens at risk. I do not object to assisting them in their hour of need, however we should not allow Syrian refugees who may be coming to engage in acts of terrorism.

I would like to thank Speaker Vos and Governor Walker for standing up for Wisconsin.
