Representative Neubauer Appointed to Assembly Committees

MADISON – Today, Assembly Democratic Leader Representative Gordon Hintz (D-Oshkosh) announced the committee appointments for Representative Greta Neubauer (D-Racine). Rep. Neubauer will serve as a member of the Committee on Environment and Forestry, the Committee on Science and Technology, the Committee on State Affairs, and the Committee on Tourism. Representative Hintz and Representative Neubauer released the following statement on these appointments.

“I can’t wait to start serving my community as a member of these committees. I will work with my colleagues to build a government that truly represents the people of Wisconsin and advocates for fairness and opportunity for all,” Rep. Neubauer stated.

“These committee appointments will allow Representative Neubauer to stand up for the issues that matter to the people of Racine. Her background in environmental protection will provide valuable insight to her colleagues on each of these committees,” said Rep. Hintz. “Much of the difficult work done in the legislature happens at the committee level. Rep. Neubauer’s work ethic and enthusiasm will serve her well in this capacity. I look forward to seeing all that Representative Neubauer is able to accomplish here in the Capitol and in her district.”
