Rep. Murphy Statement on UW Regent Vote Allowing Freedom of Expression

(Madison)...Representative Dave Murphy (R-Greenville) released the following statement regarding the UW System Board of Regents' vote on their resolution for Freedom of Expression:

“The political correctness debate on college campuses is detrimental when it stops dialogue and constrains the free exchange of ideas. A critical part of a university education is engaging in meaningful discussion to expand our minds.”

“The commitment to freedom of expression and the vigorous debate of ideas is the foundation of a great university. I am proud of the Board of Regents for reaffirming that commitment today and for proving why it is a world-class university.”
