Rep. Murphy Applauds JFC Plan to Protect Long Term Care Programs

(Madison)... Representative Dave Murphy (R-Greenville) issued the following statement today in response to the Joint Finance Committee's (JFC) decision to pursue limited reforms to long term care with legislative oversight, in place of the Governor's proposed changes:

“After hearing from many of my constituents, I am happy the JFC rejected the proposed changes to the long term care programs and provided a direction to move forward. There will need to be adjustments made in the future for Wisconsin to continue offering quality long term care, but it is important that any changes to programs like FamilyCare and IRIS have time to be vetted and include input from experts and those affected most. I look forward to working with my colleagues and all stakeholders to find ways to improve these programs.”
