Rep. Rob Brooks Ready to Tackle State Budget

Madison, WI—State Representative Rob Brooks (R-Saukville) issued the following statement after Governor Walker’s budget address Tuesday evening.

“Governor Walker’s budget proposal provides a solid conservative foundation that I intend to improve upon. As I work with my colleagues on the budget, I aim to put taxpayers first, reform government and invest in education. I am excited to get to work on the new two-year state budget.

“It is now time to find ways to improve the Governor’s proposal for the people of Wisconsin’s 60th Assembly District, and Wisconsin. I am pleased with a majority of Governor Walker’s budget but there are areas that I think we work to improve upon. It is imperative that we thoroughly review the budget as it makes significant changes to how the University of Wisconsin System operates, and funds highways, local government services and schools.

“I am committed to ensuring that college continues to be accessible and affordable for Wisconsin residents, maintaining and building a strong transit system which is essential to our state’s economy, and providing more opportunities to help move individuals toward self-sufficiency.

“I am looking for constituent input over the next few weeks. I want to hear what outcomes you would like to see with the proposed spending plan. With your assistance, we will balance the budget and give Wisconsin citizens the future they deserve.”
