

ROBERT BROOKS

STATE REPRESENTATIVE • 60TH ASSEMBLY DISTRICT

9 February 2015

Dear Representative Swearingen:

I ask for your support for the construction of a new Gap Filler Tower in Ozaukee County. As the former Chairman of the County Board, I am keenly aware of the need to improve WISCOM coverage.

Gaps in communication currently exist in the voice and data communication network, resulting in concern for public and law enforcement safety. This project will fill these identified gaps by expanding WISCOM coverage into fringe areas of Ozaukee County. It is also a good example of a state-county cooperation.

With your financial assistance, the new three hundred foot County-owned tower in Port Washington will fill the identified gaps in the Wisconsin Interoperable System for Communications Emergency Responder Network (WISCOM).

I urge you to support the new construction as it will increase both efficiency and safety in Ozaukee County. Please contact my office with any questions you might have.

Sincerely,

Representative Robert Brooks
60th District
Wisconsin State Assembly
