Statement on Legislative Maps Being Signed into Law

Madison...Speaker Robin Vos (R-Rochester) released the following statement after Governor Evers signed legislative maps into law.

“Today, Governor Evers signed the most Republican-leaning maps out of all the Democrat-gerrymandered maps being considered by the Wisconsin Supreme Court. We sent him those maps, not because they are fair, but because the people of Wisconsin deserve certainty in state government. This legislation brings to end this sham of a litigation designed to deliver judicially gerrymandered Democrat maps to the liberal special interest groups funding said litigation.

“This fall Republicans will prove that we can win on any maps because we have the better policy ideas for the State of Wisconsin. We are happy that the Governor’s signature brings to an end decades of liberal special interest litigation over maps in Wisconsin.”
