Recognize Our EMS and First Responders This Week

MADISON – State Representative Beth Meyers (D-Bayfield) issued the following statement on National EMS Week which is held from May 15-21, 2016.

“I believe that we have to give credit, where credit is due and the EMS and First Responders in Northern Wisconsin deserve to be recognized for their dedicated service to our community. Last week I stopped at the EMS/First Responder Brat and Hot Dog sale in Marengo. On a cold 34 degree spring day, a group of men were outside a canopy tent selling food to raise money. Throughout the 74th District volunteer fire departments and ambulance services are in dire need of new volunteers and new equipment. I encourage all of you to support these brave men and women who give up their time and energy to safeguard our community,” said Meyers.

President Gerald Ford authorized EMS Week in 1974 to celebrate EMS practitioners and the important work they do in our nation's communities. EMS Week brings together local communities and medical personnel to honor the dedication of those who provide day-to-day lifesaving services.
