Representative Quinn Comments on Pain Capable Abortion Bill

Madison – MADISON – Representative Romaine Quinn (R-Rice Lake) voted on Thursday to defend the life and dignity of unborn children by casting a “yes” vote on SB 179, the Pain Capable Abortion bill.

“I strongly believe that all life is worthy of defense. As legislators, we must do everything in our power to protect the most vulnerable among us. Abortion after twenty weeks is an extremely rare event, and with medical technology, is almost never the only option. This bill utilizes the most up-to-date medical understanding to respect and honor the lives of both mother and child, requires doctors to provide every possibility for the unborn child to survive during emergency medical procedures, and ensures that the mother has important information about her unborn child’s age and the numerical odds of survival if the child were delivered at that post-fertilization age,” said Representative Quinn.
