## **Van Roy Applauds Bi-Partisan Agreement to Track Sex Offenders**

*Budget Action will Create the Toughest Sex Offender Laws in the Country*

**MADISON** – In response to today’s announcement of a bi-partisan agreement on tracking the “worst of the worst” sex offenders in Wisconsin, State Representative Karl Van Roy (R-Howard) released the following statement:

“I would like to thank the members of the Joint Committee on Finance for putting the safety of our children ahead of partisan politics. Today’s compromise is a win for the State of Wisconsin. This compromise will ensure that we can keep an eye on the worst sex offenders using the latest technology. Programs like GPS monitoring are a better way to deal with paroled sex offenders than heavy-handed rules that essentially ban them from living where they are most likely to find jobs, counseling, family support, and access to their parole officers. Public safety is best served by keeping paroled sex offenders where we can closely watch them, not by driving them out into the hills.”
