

WISCONSIN STATE REPRESENTATIVE

Dianne Hesselbein

79TH ASSEMBLY DISTRICT

REP. HESSELBEIN STATEMENT ON GOVERNOR WALKER'S STATE OF THE STATE

For immediate release January 15, 2013

Contact: 608-266-5340

(Madison) “Tonight Governor Walker outlined his plan for where he wants Wisconsin to go.

“In November, the people of the 79th Assembly District sent me to the Capitol to work on their behalf: to advocate for working families, to protect their children’s futures and education, and to work to take immediate action on Wisconsin’s economic recovery.

“We must repair the damage done by historic cuts the Republicans have made to public schools and technical colleges to properly prepare our citizens for the workforce. The biggest tax cuts to public education in Wisconsin’s history were done by Governor Walker and the GOP.

“Far too many of my constituents have struggled with unemployment, underemployment and have seen their quality of life suffer.

“I am most anxious to get to work alongside my colleagues in the Legislature to make headway on these top priorities and pass meaningful initiatives to move Wisconsin forward.”
