Representative Jessie Rodriguez Applauds Governor Walker's State of the State Address and the Blueprint for Prosperity

Madison – On Wednesday Representative Rodriguez (R-Franklin) escorted Governor Walker to the Assembly Chambers and attended her first State of the State Address where the Governor unveiled his Blueprint for Prosperity. In response to the proposed property and tax cuts Representative Rodriguez issued the following statement:

“The citizens of Wisconsin received excellent news tonight. The reforms implemented by Governor Walker and the Republicans in the state legislature resulted in a nearly \$912 million surplus, \$800 million of which will be returned to the taxpayers of this state. The Blueprint for Prosperity will reduce income taxes by nearly \$100 million, increasing the take home pay of hardworking Wisconsinites.

“I often hear from my constituents that rising property taxes have become a burden. Under the Blueprint for Prosperity they will finally see a reduction on their next property tax bill. The overall property tax reduction of nearly \$406 million alleviates the tax burden and protects small businesses, farmers, and families. I applaud Governor Walker for cutting taxes and protecting the interests of Wisconsin taxpayers. I look forward to working on policies to cut taxes in the near future”.
