

Rep. Tittl Comments regarding Grant to Retrain Kewaunee Power Station Workers

MANITOWOC - State Representative Paul Tittl (R-Manitowoc) issued the following statement today regarding the federal Department of Labor approval of National Emergency Grant funds amounting to \$807,193 for worker training for employees affected by the closing of the Kewaunee Power Station.

“This grant is good news for Kewaunee Power Station workers and their families, because it will help them to get the retraining necessary to find good jobs.

“We thank all the wonderful employees who have worked at the plant through the years. Many moved their families here and now call this area home. We are a better place because they are part of our community.

“I encourage displaced Kewaunee workers to contact their local Wisconsin Job Center to learn more about the services available to help them make the transition to new employment. They can learn by calling toll free (888) 258-9966 or visiting <http://www.wisconsinjobcenter.org/directory/> to locate the nearest Wisconsin Job Center.

“My door is always open to constituents needing help with state agencies. I can be reached toll free at (888) 529-0025.”
