Analysis by the Legislative Reference Bureau

This bill creates grant programs related to drug trafficking, evidence-based substance abuse prevention, juvenile and family treatment courts, and drug treatment for inmates of county jails. The bill creates two attorney positions in the Department of Justice to assist the division of criminal investigation in the field offices of Wausau and Appleton and to assist district attorneys in the prosecution of drug-related offenses. The bill also allows a court to order a person who is found guilty of a violation of the Uniform Controlled Substances Act to attend a victim impact panel or similar program as a part of his or her sentence.

This bill appropriates a total of \$2,750,000 of general purpose revenue (GPR) and allocates \$500,000 of federal block grant money in the 2017-19 biennium to the

grant programs that are established under the bill. The bill appropriates \$1,000,000 of GPR to DOJ for grants to Wisconsin law enforcement agencies to establish new programs related to drug trafficking response, \$1,500,000 of GPR for the Department of Health Services to award grants to counties to provide nonnarcotic drug treatment to inmates of county jails, and \$250,000 of GPR for the Department of Children and Families to award grants to counties or Indian tribes to establish and operate juvenile and family treatment courts. The bill allocates \$500,000 of federal money received under the Temporary Assistance for Needy Families block grant program to the Brighter Futures initiative through DCF to provide grants for new evidence-based substance abuse prevention programs.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.
