PECFA Program Sunset  
[LFB Paper #489]

Motion:

Move to approve the following:

1. Deny PECFA reimbursement if the person does not notify DNR of the discharge and the potential for submitting a PECFA claim before July 1, 2017.
2. Deny PECFA reimbursement if a person does not submit a claim for the reimbursement of eligible costs before July 1, 2020.
3. Require that an owner or operator must submit a claim for reimbursement within 180 days after incurring the eligible costs, or by the first day of the seventh month after the effective date of the budget, whichever is later, or else these costs would no longer be eligible for reimbursement.

---

Note:

The motion would delay the sunset dates for the PECFA program from the following dates currently in the bill: (1.) before February 3, 2015, for initial notification of the discharge to DNR; and (2.) before July 1, 2017, for submittal of a PECFA claim. This motion also (3.) adopts Alternative 3d, except it would apply to all unreimbursed PECFA costs, rather than the Alternative 3d specification of submittal of costs of at least \$50,000.
