

JUSTICE

Marquette University Police Officers

Motion:

Move to expand the definition of a law enforcement officer to include officers employed by the Marquette University police department.

Note:

Under current law, a law enforcement officer is defined as any person employed by the state or any political subdivision of the state, for the purpose of detecting and preventing crime and enforcing laws or ordinances and who is authorized to make arrests for violations of the laws or ordinances that the person is employed to enforce. Since the Marquette University police department officers are not employed by the state or any political subdivision of the state, they are not included under the definition of a law enforcement officer under current law. This motion would include the Marquette University police department in the definition of law enforcement officers.
