

Senator Darling  
Representative Nygren

NATURAL RESOURCES -- DEPARTMENTWIDE

Car-Killed Deer Funding  
[LFB Paper #460]

Motion:

Move to repeal requirements for DNR to establish a program for the removal of car-killed deer, and repeal the forestry SEG appropriation for those purposes. Transfer responsibility for the removal of car-killed deer to the Department of Transportation (DOT). Require DOT to contract for removal of car-killed deer with private vendors or counties and municipalities. Specify that the removal of car-killed deer is not a routine maintenance activity. Require DOT to fund contracts for the removal of car-killed deer from s. 20.395 (4)(aq) through its operations budget.
