

CORRECTIONS -- DEPARTMENTWIDE

Special Visitors to Correctional Institutions

Motion:

Move to incorporate the provisions of LRB-3281/P3, which would change Department of Corrections' administrative rules to add tribal judges and elected tribal officials to the persons who may make a special visit to an institution.

Note:

Current administrative rules provide that public officials and members of private and public organizations who provide services to inmates may visit institutions with the approval of the warden. This motion would add trial judges and elected tribal officials.
