

LEGISLATURE

100th Anniversary of the State Capitol

Motion:

Move to create a new annual GPR appropriation in the Legislature for activities related to the celebration of the 100th anniversary of the State Capitol. Appropriate \$50,000 GPR in 2017-18 to the new appropriation for this purpose. Specify that the cochairs of the Joint Committee on Legislative Organization must authorize payments from the appropriation.

In addition, create a continuing PR appropriation in the Legislature to receive revenues generated from activities related to the celebration of the 100th anniversary of the State Capitol. Appropriate no funding to this PR appropriation. Specify that the first \$50,000 received in this appropriation in each fiscal year lapse to the general fund. Provide that any amounts beyond \$50,000 received in the appropriation be transferred to a new, biennial PR appropriation for the capitol restoration and relocation planning.

Note:

The motion would appropriate \$50,000 GPR in 2017-18 to the Legislature for activities related to the celebration of the 100th anniversary of the State Capitol. In addition, the motion would create a continuing PR appropriation in the Legislature for the purpose of receiving revenue generated from activities related to the celebration of the 100th anniversary of the State Capitol. The first \$50,000 received in the PR appropriation would lapse to the general fund, and any amounts beyond \$50,000 would be transferred to a new, biennial PR appropriation for the capitol restoration and planning. No increase in revenue is associated with the motion at this time because the extent to which revenue will be generated from anniversary activities is unknown. However, to the extent that revenue is generated from these activities, revenue for the general fund will increase.
