WISCONSIN TECHNICAL COLLEGE SYSTEM

Student Fees For Accident Insurance Coverage

Motion:

Move to prohibit technical colleges from charging a fee to a student associated with accident insurance coverage if both of the following apply: (a) the student requests that the fee be waived; and (b) the student provides evidence that the student is already insured under a policy providing equivalent accident insurance coverage.

Specify that this provision would first apply to students enrolled for the first semester or session beginning after the effective date of the bill.

Note:

Under current law, the district board for each technical college is responsible for establishing student activity and incidental fees to fund the cost of services and activities that support regular instruction. The motion would prohibit a district board from charging a student a fee for accident insurance coverage, if the student provided evidence that he or she already has equivalent coverage and requests a waiver.
