Analysis by the Legislative Reference Bureau

Badger Health Benefit Authority

This bill creates the Badger Health Benefit Authority (authority) that is a public body corporate and politic that is created by state law but that is not a state

BILL

agency. The authority is governed by a board of directors consisting of the commissioner of insurance (commissioner), the secretary of employee trust funds, the director of the state Medical Assistance program, the executive directors of the Wisconsin Collaborative for Healthcare Quality and the Wisconsin Health Information Organization, and the following members who are nominated by the governor, and with the advice and consent of the senate appointed, for three-year terms: a member in good-standing of the American Academy of Actuaries, a health economist, an employee benefits specialist, a representative of small employers, a representative of an organization that represents consumer interests, a representative of organized labor, and an individual with experience in health care administration. The chairperson of the board is the commissioner. The board must appoint an executive director of the authority. The executive director must, among other duties, supervise the administrative affairs and general management and operation of the authority, employ professional and clerical staff, as necessary, and prepare the authority's annual budget.

The authority is not a state agency, so numerous laws that apply to state agencies do not apply to the authority. However, the authority is treated like a state agency in the following ways, among others: it is subject to auditing by the Legislative Audit Bureau; it is subject to open meeting and open records laws; and it is exempt from property tax, income tax, and sales and uses taxes. The authority has powers, including adopting bylaws and policies and procedures for the regulation of its affairs and conduct of its business; hiring employees; incurring debt; suing and being sued in its own name; and executing contracts. The bill establishes a process that the authority must use when it contracts for professional services. Under the bill, the authority is subject to civil liability for its acts or omissions except that the maximum amount recoverable in a civil action against the authority is \$100,000. However, a member of the authority's board of directors, the authority's executive director, or an authority employee is exempt from civil liability unless the member, director, or employee acted with willful misconduct or in intentional violation of the law. The bill also imposes restrictions on board members and the authority's executive director pertaining to conflicts of interest and requires board members and the executive director to file financial disclosures.

Health benefit exchange

Under the bill, the authority must establish and operate a Wisconsin Health Benefit Exchange in this state, must make qualified health plans, with effective dates on or before January 1, 2016, available to qualified individuals and qualified employers, and must seek federal grants and other funding for the purpose of the exchange. A qualified health plan is defined in the bill, generally, as a health benefit plan that covers the costs of health care services and that meets the certification criteria described in the federal Patient Protection and Affordable Care Act (PPACA). A qualified individual is defined in the bill, generally, as a citizen or national of the United States, or an alien lawfully present in the United States, who is not imprisoned in a correctional facility and who resides in this state. A qualified employer is defined in the bill, generally, as an employer with not more than 100 employees (small employer) that either: 1) has its principal place of business in this

BILL

state and elects to provide coverage to all of its eligible employees, wherever employed, through the small business health options program component of the exchange (SHOP Exchange) established by the authority; or 2) elects to provide coverage through the SHOP Exchange to all of its eligible employees who are principally employed in this state.

Only health benefit plans that are certified by the authority as qualified health plans may be offered through the exchange. To be certified as a qualified health plan, a health benefit plan must provide the essential health benefits package described in PPACA, its premium rates and contract language must have been filed with and not disapproved by the commissioner, it must provide at least a bronze level of coverage, as determined by the authority in accordance with criteria developed by the secretary of the federal Department of Health and Human Services (federal secretary), its cost-sharing must not exceed limits established in PPACA, the insurer offering it must meet specified criteria, and the authority must determine that making the plan available through the exchange is in the interest of qualified individuals and qualified employers in this state.

The authority must assign a rating to, and determine the level of coverage of, each qualified health plan offered through the exchange. The levels of coverage under PPACA are bronze, silver, gold, and platinum, and are based on what percentage of the full actuarial value of the benefits provided under the plan the benefits under the plan provides. An eligible employee of a qualified employer that provides coverage through the SHOP Exchange may enroll in any qualified health plan offered through the SHOP Exchange at the level of coverage specified by his or her employer.

After the exchange begins operating, no insurer may offer or issue health benefit plan coverage in this state to an individual or a small employer except through the exchange. Although any insurer that is authorized to do business in this state in one or more lines of insurance that includes health insurance may offer qualified health plans through the exchange, a health benefit plan may not be certified as a qualified health plan unless the insurer that offers it, among other things, is in good standing, charges the same premium for the plan regardless of whether it is offered directly by the insurer or through an insurance intermediary, offers through the exchange at least one qualified health plan in each of the silver and gold levels of coverage, and complies with regulations of the federal secretary and any other requirements established by the authority. In addition, any insurer that seeks certification of a health benefit plan as a qualified health plan must provide a justification for any premium increase; must make specified information available to the public, such as data on enrollment and on the number of claims denied, claims payment policies and practices, and financial disclosures; and must permit individuals enrolled in the plan to learn the amount that an individual would be responsible for paying toward the cost of a specific item or service.

An insurer that offers coverage through the exchange must establish a toll-free hotline for providing information to enrollees and must pay a commission, determined by the authority, to an insurance intermediary who enrolls a qualified individual or employees of a qualified employer in a qualified health plan offered by

BILL

the insurer through the exchange. For determining premiums, an insurer that offers coverage through the exchange may pool together all individuals and employees with coverage under all of the plans issued by the insurer through the exchange. To pay administrative expenses of the exchange, the authority may impose on each insurer offering plans through the exchange a surcharge that is based on the insurer's total premium or flat dollar amount per enrollee collected through the exchange.

The bill sets out numerous responsibilities for the authority with respect to the exchange. In addition to the administrative duties related to certifying and rating health benefit plans and enrolling qualified individuals and qualified employers, the authority must provide for the operation of a toll-free telephone hotline to respond to requests for assistance; establish an appeals process; establish and operate a service center to provide information; publicize the exchange; maintain an Internet site with comparative information about qualified health plans; screen applicants for eligibility for Medical Assistance (MA) and, if eligible, assist them to enroll in MA; select, and award grants to, entities to serve as navigators for conducting public education activities and distributing information about, and facilitating enrollment in, qualified health plans; review the rate of premium growth within the exchange and outside of the exchange; and develop recommendations on whether qualified employers should be limited to small employers. The authority may establish risk adjustment mechanisms for the exchange, contract with a third-party administrator for services on behalf of the exchange, and establish sub-exchanges or other exchanges provided for under federal law. The authority must keep an accounting of all exchange-related activities and receipts and expenditures and annually submit a report of the accounting to the federal secretary, the governor, the commissioner, and the legislature.

The commissioner may promulgate rules related to the implementation of the exchange and must develop a standard application form for use in the exchange.

Because this bill creates a new crime or revises a penalty for an existing crime, the Joint Review Committee on Criminal Penalties may be requested to prepare a report concerning the proposed penalty and the costs or savings that are likely to result if the bill is enacted.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.

7 (d) The plan's cost-sharing requirements do not exceed the limits established
8 under section 1302 (c) (1) of the federal act and, if the plan is offered through the
9 SHOP Exchange, the plan's deductible does not exceed the limits established under
10 section 1302 (c) (2) of the federal act.

12 1. Is licensed and in good standing to offer health insurance coverage in this
13 state.

14 2. Offers at least one qualified health plan in the silver level and at least one
15 qualified health plan in the gold level through each component of the exchange in
16 which the carrier participates. In this subdivision, "component" refers to the SHOP
17 Exchange and the exchange for individual coverage.

18 3. Charges the same premium rate for each qualified health plan without
19 regard to whether the plan is offered directly from the carrier or through an
20 insurance intermediary.

21 4. Does not charge any cancellation fees or penalties in violation of s. 636.25
22 (3).

23 5. Complies with the regulations developed by the secretary under section 1311

3 federal act, including minimum standards in the areas of marketing practices,
4 network adequacy, essential community providers in underserved areas,
5 accreditation, quality improvement, uniform enrollment forms, and descriptions of

9 state.

10 (2) The authority shall not exclude a health benefit plan for any of the following
11 reasons or in any of the following ways:

12 (a) On the basis that the plan is a fee-for-service plan.

13 (b) Through the imposition of premium price controls by the authority.

14 (c) On the basis that the plan provides treatments necessary to prevent
15 patients' deaths in circumstances the authority determines are inappropriate or too
16 costly.

17 (3) The authority shall require each health carrier seeking certification of a
18 health benefit plan as a qualified health plan to do all of the following:

19 (a) Submit a justification for any premium increase before implementation of
20 that increase. The carrier shall prominently post the information on its Internet site.
21 The authority shall take this information, along with the information and the
22 recommendations provided to the authority by the commissioner under section 2794
23 (b) of the federal Public Health Service Act (42 USC 300gg-94 (b)), into consideration
24 when determining whether to allow the carrier to make the plan available through
25 the exchange.

BILL

14 2. The information required in subd. 1. shall be provided in plain language, as
15 that term is defined in section 1311 (e) (3) (B) of the federal act.

16 (c) Permit individuals to learn, in a timely manner upon the request of the
17 individual, the amount of cost-sharing, including deductibles, copayments, and
18 coinsurance, under the individual's plan or coverage that the individual would be
19 responsible for paying with respect to the furnishing of a specific item or service by
20 a participating provider. At a minimum, this information shall be made available
21 to the individual through an Internet site and through other means for individuals
22 without access to the Internet.

23 (4) The authority may not exempt any health carrier seeking certification of
24 a health benefit plan as a qualified health plan, regardless of the type or size of the
25 carrier, from state licensure or solvency requirements and shall apply the criteria of

BILL

1 this section in a manner that assures equitable treatment of all health carriers
2 participating in the exchange.

3 (5) (a) The provisions of this chapter that are applicable to qualified health
4 plans shall also apply to the extent relevant to qualified dental plans, except as
5 modified in accordance with pars. (b), (c), and (d) or by regulations adopted by the
6 authority.

7 (b) The carrier shall be licensed to offer dental coverage, but need not be
8 licensed to offer other health benefits.

9 (c) The plan shall be limited to dental and oral health benefits, without
10 substantially duplicating the benefits typically offered by health benefit plans

12 dental benefits prescribed by the secretary under section 1302 (b) (1) (J) of the federal
13 act and such other dental benefits as the authority or the secretary may specify by
14 regulation.

15 (d) Carriers may jointly offer a comprehensive plan through the exchange in
16 which the dental benefits are provided by a carrier through a qualified dental plan
17 and the other benefits are provided by a carrier through a qualified health plan,
18 provided that the plans are priced separately and are also made available for
19 purchase separately at the same price.

20 **636.43 Insurer requirements.** (1) Any health carrier that is authorized to
21 do business in this state in one or more lines of insurance that includes health
22 insurance may offer health benefit plans through the exchange. After the exchange
23 becomes operational, no health carrier may offer or issue a health benefit plan in this
24 state to an individual or to a small employer except through the exchange.

BILL

1 (2) For the purpose of determining premiums, a carrier may pool together all
2 individuals and employees who have coverage under all of the qualified health plans
3 issued by the carrier through the exchange.

4 (3) A carrier that offers qualified health plans through the exchange shall
5 establish a toll-free hotline for providing information to enrollees and other
6 individuals and shall furnish such reasonable reports as the authority determines
7 necessary for the administration of the exchange.

8 (4) The authority may audit any carrier that provides coverage under a
9 qualified health plan through the exchange for the purpose of ensuring that the

11 subchapter in a manner that does all of the following:

12 (a) Complies with the provisions of this chapter.

13 (b) Promotes positive health outcomes.

14 (c) Advances value-based and evidence-based medical practices.

15 (d) Avoids unnecessary operating and capital costs arising from inappropriate
16 utilization or inefficient delivery of health care services, unwarranted duplication of
17 services and infrastructure, or creation of excess care delivery capacity.

18 (e) Holds down the growth of health care costs.

19 **636.44 Intermediaries.** An insurance intermediary that enrolls a qualified
20 individual in a qualified health plan through the exchange shall be paid a
21 commission by the carrier offering the qualified health plan. An insurance
22 intermediary that enrolls the employees of a qualified employer in one or more
23 qualified health plans through the exchange shall be paid a commission by each
24 carrier offering a qualified health plan selected by an employee of the qualified
25 employer. The authority shall determine the commission amounts that must be paid

BILL

1 to intermediaries under this section after considering information provided to the
2 commissioner under s. 628.81 with respect to health insurance.

3 **636.45 Funding; publication of costs.** (1) For payment of administrative
4 expenses, the authority may impose a surcharge on each health carrier offering
5 qualified health plans through the exchange. The surcharge shall be based on the
6 carrier's total premium or flat dollar amount per enrollee collected through the
7 exchange.

8 (2) The authority shall publish the average costs of licensing, regulatory fees,
9 and any other payments required by the authority, and the administrative costs of
10 the authority, on an Internet site to educate consumers on such costs. This
11 information shall include information on moneys lost to waste, fraud, and abuse.

12 **636.46 Rules; application form.** (1) The commissioner may promulgate
13 rules to implement the provisions of this chapter. Rules promulgated under this
14 section may not conflict with or prevent the application of regulations promulgated
15 by the secretary under the federal act.

16 (2) The commissioner shall develop a standard application form for use in the
17 exchange.

18 **636.48 Relation to other laws.** Nothing in this chapter, and no action taken
19 by the authority under this chapter, shall be construed to preempt or supersede the
20 authority of the commissioner to regulate the business of insurance within this state.
21 Except as expressly provided to the contrary in this chapter, all health carriers
22 offering qualified health plans in this state shall comply fully with all applicable
23 health insurance laws of this state and rules promulgated and orders issued by the
24 commissioner.

6 for professional services, the authority shall solicit competitive sealed bids or
7 competitive sealed proposals, whichever is appropriate. Each request for
8 competitive sealed proposals shall state the relative importance of price and other
9 evaluation factors.

10 (2) (a) When the estimated cost exceeds \$25,000, the authority may invite
11 competitive sealed bids or proposals by publishing a class 2 notice under ch. 985 or
12 by posting notice on the Internet at a site determined or approved by the authority.
13 The notice shall describe the contractual services to be purchased, the intent to make
14 the procurement by solicitation of bids or proposals, any requirement for surety, and
15 the date the bids or proposals will be opened, which shall be at least 7 days after the
16 date of the last insertion of the notice or at least 7 days after the date of posting on
17 the Internet.

18 (b) When the estimated cost is \$25,000 or less, the authority may award the

21 (c) For purposes of clarification, the authority may discuss the requirements
22 of the proposed contract with any person who submits a bid or proposal and shall

7 conferences, oral presentations, discussions, negotiations, and evaluations of bids or
8 proposals under this section.

9 (b) In opening, discussing, and negotiating bids or proposals, the authority may
10 not disclose any information that would reveal the terms of a competing bid or
11 proposal.

12 **(4)** (a) After receiving each offerer's best and final offer, the authority shall
13 determine which proposal is most advantageous and shall award the contract to the
14 person who offered it. The authority's determination shall be based only on price and
15 the other evaluation factors specified in the request for bids or proposals. The
16 authority shall state in writing the reason for the award and shall place the
17 statement in the contract file.

18 (b) Following the award of the contract, the authority shall prepare a register
19 of all bids or proposals.

20 **636.78 Political activities.** (1) No employee of the authority may directly
21 or indirectly solicit or receive subscriptions or contributions for any partisan political
22 party or any political purpose while engaged in his or her official duties as an
23 employee. No employee of the authority may engage in any form of political activity
24 calculated to favor or improve the chances of any political party or any person seeking
25 or attempting to hold partisan political office while engaged in his or her official

BILL

1 duties as an employee or engage in any political activity while not engaged in his or
2 her official duties as an employee to such an extent that the person's efficiency during
3 working hours will be impaired or that he or she will be tardy or absent from work.
4 Any violation of this section is adequate grounds for dismissal.

5 (2) If an employee of the authority declares an intention to run for partisan
6 political office, the employee shall be placed on a leave of absence for the duration
7 of the election campaign and if elected shall no longer be employed by the authority
8 on assuming the duties and responsibilities of such office.

9 (3) An employee of the authority may be granted, by the executive director, a
10 leave of absence to participate in partisan political campaigning.

11 (4) Persons on leave of absence under sub. (2) or (3) shall not be subject to the
12 restrictions of sub. (1), except as they apply to the solicitation of assistance,
13 subscription, or support from any other employee in the authority.

14 **636.80 Financial disclosure.** (1) In this section, "individual required to file"
15 means a person who is a member of the board of the authority or the executive
16 director of the authority.

17 (2) Each individual who in January of any year is an individual required to file
18 shall file with the government accountability board no later than April 30 of that year
19 a statement of economic interests meeting each of the requirements of s. 19.44 (1).
20 The information contained on the statement shall be current as of December 31 of
21 the preceding year.

22 (3) An individual required to file shall file with the government accountability
23 board a statement of economic interests meeting each of the requirements of s. 19.44
24 (1) no later than 21 days following the date he or she assumes a position on the board
25 or the position of executive director if the individual required to file has not

BILL

1 previously filed a statement of economic interests with the government
2 accountability board during that year. The information on the statement shall be
3 current as per the date he or she assumes the position.

4 (4) If an individual required to file fails to make a timely filing, the government
5 accountability board shall promptly provide notice of the delinquency to the
6 secretary of administration, and to the executive director of the authority, or the
7 chairperson of the board if the executive director's filing is untimely. Upon such
8 notification, both the secretary of administration and the executive director, or
9 chairperson, shall withhold all payments for compensation, reimbursement of
10 expenses, and other obligations to the individual until the government
11 accountability board notifies those to whom notice of the delinquency was provided
12 that the individual has complied with this section.

13 (5) On its own motion or at the request of any individual required to file a
14 statement of economic interests, the government accountability board may extend
15 the time for filing or waive any filing requirement if the government accountability
16 board determines that the literal application of the filing requirements of this
17 subchapter would work an unreasonable hardship on that individual or that the
18 extension of the time for filing or waiver is in the public interest. The government
19 accountability board shall set forth in writing as a matter of public record its reason
20 for the extension or waiver.

21 (6) (a) Any person who violates this section may be required to forfeit not more
22 than \$500 for each violation. If the court determines that the accused has realized
23 economic gain as a result of the violation, the court may, in addition, order the
24 accused to forfeit the amount gained as a result of the violation. The attorney
25 general, when so requested by the government accountability board, shall institute

BILL

1 proceedings to recover any forfeiture incurred under this subsection that is not paid
2 by the person against whom it is assessed.

3 (b) Any person who intentionally violates this section shall be fined not less
4 than \$100 nor more than \$5,000 or imprisoned not more than one year in the county
5 jail or both.

6 **636.82 Conflict of interest prohibited; exception.** (1) Except in
7 accordance with the government accountability board's advice under s. 5.05 (6a) and
8 except as otherwise provided in sub. (2), a member of the board and the executive
9 director may not do any of the following:

10 (a) Take any official action substantially affecting a matter in which the board
11 member or executive director, a member of his or her immediate family, or an
12 organization with which the board member or director is associated has a substantial
13 financial interest.

14 (b) Use his or her office or position in a way that produces or assists in the
15 production of a substantial benefit, direct or indirect, for the board member or
16 executive director, one or more members of his or her immediate family either
17 separately or together, or an organization with which the board member or executive
18 director is associated.

19 (2) This section does not prohibit a board member or the executive director from
20 taking any action concerning the lawful payment of salaries or employee benefits or
21 reimbursement of actual and necessary expenses.

22 (3) (a) Any person who violates this section may be required to forfeit not more
23 than \$5,000 for each violation. If the court determines that the accused has realized
24 economic gain as a result of the violation, the court may, in addition, order the
25 accused to forfeit the amount gained as a result of the violation. The attorney

BILL

1 general, when so requested by the government accountability board, shall institute
2 proceedings to recover any forfeiture incurred under this subsection that is not paid
3 by the person against whom it is assessed.

4 (b) Any person who intentionally violates this section shall be fined not less
5 than \$100 nor more than \$5,000 or imprisoned not more than one year in the county
6 jail or both.

7 **636.84 Liability; expenses; limitations.** (1) Neither the state, nor any
8 political subdivision of the state, nor any officer, employee, or agent of the state or
9 a political subdivision who is acting within the scope of employment or agency is
10 liable for any debt, obligation, act, or omission of the authority.

11 (2) All of the expenses incurred by the authority in exercising its duties and
12 powers under this chapter shall be payable only from funds of the authority.

13 (3) A cause of action may arise against and civil liability may be imposed on
14 the authority for its acts or omissions or for any act or omission of a member of the
15 board, the executive director, or an employee of the authority in the performance of
16 his or her powers and duties under this chapter.

17 (4) A cause of action may not arise against and civil liability may not be imposed
18 on a member of the board, the executive director, or an employee of the authority for
19 any act or omission in the performance of his or her powers and duties under this
20 chapter, unless the person asserting liability proves that the act or omission
21 constitutes willful misconduct or intentional violation of the law. The member of the
22 board, executive director, or employee who performed the act or omission that formed
23 the basis of liability shall be jointly liable with the authority if that board member,
24 executive director, or employee fails to cooperate with the authority in defense of the
25 claim and if the failure to cooperate affects the defense of the action.
