RE: WIS 19 Corridor Study
Upcoming Meetings
Project I.D. 5290-00-09

The Wisconsin Department of Transportation, Southwest Region (WisDOT) is studying WIS 19 from US 12 (Town of Springfield) to WIS 89 in the City of Waterloo. This is a planning-level preservation study in which the primary goal of the study is to develop a long term plan for maintaining safety and mobility on the existing corridor. The attached study location map illustrates the study limits.

Please plan on attending one of the upcoming **Local Officials Meetings (LOM)**:

Thursday February 12, 2015

3 to 5 p.m.

Westside Community Center, 2598 West Main Street, Sun Prairie WI 53590

Tuesday February 17, 2015

3 to 5 p.m.

Village Center Community Room, 333 South Madison Street, Waunakee WI 53597

WisDOT is holding two **Public Involvement Meetings (PIM)** that will present similar information to what is presented at the LOMs. WisDOT requests your assistance publicizing these public meetings within your agency or community:

Wednesday February 25, 2015

4:30 to 7 p.m.

Prairie View Middle School, 400 North Thompson Road, Sun Prairie WI 53590

Wednesday March 11, 2015

4:30 to 7 p.m.

Waunakee Middle School, 1001 South Street, Waunakee, WI 53597

The goal of these meetings is to present and verify initial study findings and identify any additional concerns with the WIS 19 corridor the public and local communities wish to share with the study team.

If you have any questions or comments regarding this study, please call me at 608-246-3860, or Derek Hungness of SRF Consulting Group at 608-298-5412.

Sincerely,

A handwritten signature in cursive script that reads "Franklin Marcos".

Franklin Marcos
WisDOT Project Manager
