

TRANSPORTATION -- MOTOR VEHICLES

Use of Tractors for Special Occasions Without Registration

Motion:

Move to specify that a farm tractor may be operated on a highway for special occasions such as display and parade purposes, participation in tractor or antique vehicle clubs, including traveling to and from such events, or when used for occasional personal use, but not for regular daily transportation, without being registered with the Department of Transportation.

---

Note:

Under current law, a farm tractor may be operated on a highway without being registered with the Department if the farm tractor is used exclusively in agricultural operations or used exclusively to provide power to drive other machinery or to transport from job to job machinery driven by a tractor. Under this motion, a farm tractor may also be operated on a highway without being registered with DOT if the tractor is used for special occasions, such as display and parade purposes, participation in tractor or antique vehicle clubs, including traveling to and from such events, or when used for occasional personal use, but not for regular daily transportation.
