

ADMINISTRATION -- GENERAL AGENCY PROVISIONS

Eau Claire Confluence Arts Center
[LFB Paper #101, Substitute Alternative]

Motion:

Move to adopt Alternative 5, modified to require the Department of Administration to continue to consult with the project developer and the City of Eau Claire and report to the Building Commission by June 30, 2017, regarding the progress of the project. Specify that the report must include information regarding the extent to which the project continues to have a need for state assistance.

Note:

The motion would delete the bill provision to provide \$15.0 million GPR for grants to an economic development district in 2016-17 that the administration has indicated is intended for the Eau Claire Confluence Arts Center project.

[Change to Bill: -\$15,000,000 GPR]
