PART I

KEY PROVISIONS OF COMMITTEE RECOMMENDATIONS

The Special Committee on Developmental Disabilities recommends the following proposals to the Joint Legislative Council for introduction in the 2003-04 Session of the Legislature.

2003 SENATE BILL 73, RELATING TO REQUIRING THE CREATION OF A TASK FORCE TO DEVELOP A PLAN FOR THE STATE CENTERS FOR THE DEVELOPMENTALLY DISABLED

- Requires the Department of Health and Family Services (DHFS) to create a task force charged to develop a plan for the state centers for the developmentally disabled. The task force, comprised of individuals representing stakeholder groups and agencies, must develop a plan to maximize the potential for independent living of current center residents, according to their wishes. The task force must also develop a plan for the future of the centers.

2003 SENATE BILL 74, RELATING TO ADDING LEGISLATIVE MEMBERS TO THE COUNCIL ON DEVELOPMENTAL DISABILITIES; REQUIRING THE COUNCIL ON DEVELOPMENTAL DISABILITIES TO REPORT ANNUALLY TO THE LEGISLATURE; EXPANDING ELIGIBILITY, REQUIRING SUBMISSION OF WAIVER REQUESTS BY A SPECIFIED DATE, AND PROVIDING TRANSITIONAL SERVICES UNDER A PILOT PROGRAM FOR LONG-TERM CARE OF CHILDREN WITH DISABILITIES; REQUIRING THE DEPARTMENT OF HEALTH AND FAMILY SERVICES TO DEVELOP A PLAN TO ADMINISTER AND FUND SERVICES FOR PERSONS WITH DEVELOPMENTAL DISABILITIES; AND REQUIRING THE EXERCISE OF RULE-MAKING AUTHORITY

- Adds four legislative members to the Wisconsin Council on Developmental Disabilities; also requires the council to report annually to the Legislature on waiting lists for services for persons with developmental disabilities.
- Makes the following changes to the Children's Long-Term Support Redesign pilot by: (1) directing the Department of Health and Family Services (DHFS) to seek the necessary federal waivers and enactment of necessary statutory language and funding for the Children's Long-Term Support Redesign Pilot as soon as possible before July 1, 2004; (2) providing for the expansion of eligibility under certain long-term care programs currently serving children to include children with severe disabilities and long-term care needs and children eligible for Medical Assistance (MA) with high medical costs, and the expansion of MA to include services focused on the needs of children with developmental disabilities and their families; and (3) requiring DHFS to provide transitional services to families whose children with physical or developmental disabilities are preparing to enter the adult service system.

- Requires DHFS to develop a plan to require one administrative subunit with DHFS to administer all institutional and community-based services for persons with developmental disabilities, and to combine all funding under the MA program for institutional and community-based services into one appropriation, to the extent permitted by federal law.

PART II

COMMITTEE ACTIVITY

ASSIGNMENT

The Joint Legislative Council established the Special Committee by a May 18, 2000 mail ballot and appointed the Co-Chairs and members by June 13 and August 14, 2000 mail ballots, respectively. The Special Committee was directed to review funding issues, staffing concerns and ways to streamline the bureaucracy that provides services to people with developmental disabilities. The committee was directed to focus on providing opportunities for persons with developmental disabilities to live independently, and to review the implications of the *Olmstead* decision.

Membership of the Special Committee, appointed by an August 14, 2000 mail ballot consisted of 2 Senators, 2 Representatives and 9 Public Members. A list of the committee membership is set forth in **Appendix 3**.

SUMMARY OF MEETINGS

The Special Committee held eight meetings at the State Capitol in Madison on the following dates:

October 3, 2000	January 18, 2001
November 17, 2000	February 16, 2001
November 27, 2000	March 19, 2001
December 14, 2000	April 27, 2001

The committee meeting activity summary is:

October 3, 2000. The Special Committee reviewed a Staff Brief on developmental disabilities issues, including a description of community-based services, Family Care, the Medical Assistance Program and residential institutions for the developmentally disabled. In addition, the committee reviewed information prepared by staff regarding laws relating to protective placement, guardianship and conservatorship, and on the U.S. Supreme Court decision *Olmstead v. L.C.* The committee also received briefings from Michael F. Kruley, Special Assistant to the Regional Manager, Department of Health and Human Services, Office for Civil Rights--Region V; Sandra Hammer Affirmative Action/Civil Rights Compliance Office, Neil Gebhart, Office of Legal Counsel, and Joyce Allen, Office of Strategic Finance, DHFS; Gerry Born, Executive Director, the ARC-Wisconsin; and Jim Balestrieri, President, Homes for Independent Living.

November 17, 2000. The Special Committee reviewed information, prepared by staff, regarding the brain injury waiver (BIW) program, the DHFS 2001-03 Biennial Budget requests relating to developmental disabilities, the effect of the personal care worker rate increase, and the self-determination service delivery model. The committee also heard a presentation from

Erica Andres, Program Coordinator, Wisconsin CareGivers Association. The committee identified speakers to invite to the public hearing on November 27, 2000 and identified issues it wanted to explore at future meetings including regulatory issues concerning residential facilities serving persons with developmental disabilities, the long-term care redesign for children, and whether the committee should have input into the state's *Olmstead* plan.

November 27, 2000. The Special Committee held a public hearing and heard presentations from invited speakers. Seventeen people testified at the public hearing regarding the need for increased funding to eliminate the waiting lists for CIP-IB, Community Options Program (COP), Family Support and the Birth-to-Three program; the rate increase for personal care workers; the need for respite care; and the shortage of direct-care workers. The committee then heard presentations from invited speakers regarding counties' funding concerns about long-term care services for the developmentally disabled; Family Care; the proposed alternative to Family Care; the Children's Long-Term Care Redesign pilot; self-determination projects; transitional services for developmentally disabled students ages 18 to 21; the Wisconsin Conservation Corps; the Lifespan Respite Care projects; and workforce shortages and training issues.

December 14, 2000. The Special Committee heard a presentation from Bill Burke, an attorney for the Voice of the Retarded, regarding issues stemming from the *Olmstead* decision. The committee then began reviewing Memo No. 7, *Summary of Recommendations Offered for Committee Discussion* (December 8, 2000), which set forth the recommendations that had been made either by members of the committee or by persons testifying before the committee. As the committee discussed Memo No. 7, it determined that several of the items in the memo, and certain issues raised during the course of the meeting, should be prepared in the form of bill drafts.

January 18, 2001. The Special Committee heard presentations from People First of Dane County and People First of Wisconsin, regarding the need to close the State Centers for the Developmentally Disabled, and from the Wisconsin Council on Developmental Disabilities, regarding possible legislative recommendations discussed by the committee. The committee then completed its discussion of Memo No. 7 and asked that several more bill drafts and a recommendation letter to the ADA Title II Advisory Committee be prepared for the committee's discussion.

February 16, 2001. The Special Committee heard presentations from Tom Alt, Deputy Secretary; Laura Flood, Administrator, Division of Care and Treatment Facilities; and Fredi Bove, Chief, Budget Section, DHFS, regarding the department's 1996 plan to close Southern Wisconsin Center for the Developmentally Disabled. The committee also heard a presentation from Shirley Patterson, Director of Continuing Care for Persons with Developmental Disabilities, Minnesota Department of Human Services, regarding the process and plan Minnesota developed to close its state institutional facilities for the developmentally disabled.

March 19, 2001. The Special Committee reviewed bill drafts and recommendation letters that had been requested by the Special Committee based on discussions of Memo No. 7 at previous meetings. The committee asked that several more bill drafts and a recommendation

letter to the Office of the Commissioner of Insurance, as well as redrafts of several bills, be prepared for the committee's discussion.

April 27, 2001. The Special Committee gave approval to three recommendation letters and several of the bill drafts. The committee also approved several other bill drafts, with amendments discussed at the meeting. In addition, the committee approved a request that staff prepare a bill draft increasing the cigarette tax and appropriating the additional funds to the waiting lists for developmental disabilities services. The co-chairs asked that the bill drafts be consolidated into four composite bill draft--one with fiscal items, one with nonfiscal items, one regarding the state centers task force, and one with the cigarette tax increase.

PART III

RECOMMENDATIONS INTRODUCED BY THE JOINT LEGISLATIVE COUNCIL

This part of the report provides background information on, and a description of two of the pieces of the legislation recommended by the Special Committee on Developmental Disabilities and introduced in the 2003-04 Session of the Legislature by the Joint Legislative Council.

2003 SENATE BILL 73, RELATING TO REQUIRING THE CREATION OF A TASK FORCE TO DEVELOP A PLAN FOR THE STATE CENTERS FOR THE DEVELOPMENTALLY DISABLED

State Centers Task Force

Background

The Special Committee heard testimony at several meetings regarding the future of the State Centers for the Developmentally Disabled and whether persons with developmental disabilities are appropriately placed in the state centers.

An attorney from the Voice of the Retarded discussed situations which he felt demonstrated that institutional placement was the appropriate placement choice for individuals with disabilities. At a later hearing, representatives from People First of Wisconsin and of Dane County expressed their belief that persons with developmental disabilities should not be institutionalized, and that the funding for the State Centers should be directed toward community programs. The committee also heard a presentation from representatives from DHFS, who outlined the department's 1996 plan to close Southern Center, and noted that the plan anticipated a three-year phase down of the center, which would lead to closure. The plan was not implemented.

In addition, the Special Committee heard a presentation from Shirley Patterson, Minnesota Department of Human Services, regarding the plan Minnesota developed to close institutional facilities for people with developmental disabilities. Ms. Patterson stated that the plan to phase out the institutions involved negotiations with key stakeholders, including union representatives, families and guardians. She explained that the state's strategy was to place some of the people with greater needs first through home and community-based waiver programs. She noted that a specific date had not been established to close Minnesota's three state institutions; rather, targets were established for a number of people that would be placed out of institutions every year. Ms. Patterson stated that the process of closing state facilities took over 11 years, and that as of June 30, 2000, Minnesota had moved the last person out of its state institutions.

After engaging in extensive discussions about the appropriate role of the State Centers in the long-term care system for people with developmental disabilities, the Special Committee requested a bill draft regarding the future of the State Centers.

Description of Bill

The bill requires the DHFS to create a task force charged to develop a plan for the State Centers for the Developmentally Disabled. The task force must include representatives from the following stakeholder groups and agencies:

- The DHFS.
- The Department of Veterans Affairs.
- The Department of Corrections.
- The Governor's office.
- The American Federation of State, County and Municipal Employees union and other labor groups.
- Parents or guardians of current state center residents.
- Former and current state center residents.
- Advocates for persons with developmental disabilities.
- The board member of an intermediate care facility for the mentally retarded.
- Organizations that provide services to person with developmental disabilities in the community.
- County departments that provide services to persons with developmental disabilities.

By September 1, 2004, the task force must develop a plan for the State Centers for the Developmentally Disabled. The plan shall include any recommended statutory language changes needed to implement the plan. The department shall submit this language to the Legislature, and to the Department of Administration as part of its 2005-07 Biennial Budget request. The plan shall do the following:

- Specify the future role of the state centers for the developmentally disabled, and the state, in providing services for persons with developmental disabilities.
- Maximize the potential for independent living in the most appropriate setting for each person residing in the state centers, according to the person's wishes.
- Define and recommend changes in the role of one or more of the state centers, to functions other than as centers for the developmentally disabled.
- Ensure the provision of quality community-based services for persons who can be relocated from the state centers.

- Provide for transitional employment opportunities and services for existing staff of the state centers, in the event that one or more of the state centers closes or take on new functions.

2003 SENATE BILL 74, RELATING TO ADDING LEGISLATIVE MEMBERS TO THE COUNCIL ON DEVELOPMENTAL DISABILITIES; REQUIRING THE COUNCIL ON DEVELOPMENTAL DISABILITIES TO REPORT ANNUALLY TO THE LEGISLATURE; EXPANDING ELIGIBILITY, REQUIRING SUBMISSION OF WAIVER REQUESTS BY A SPECIFIED DATE, AND PROVIDING TRANSITIONAL SERVICES UNDER A PILOT PROGRAM FOR LONG-TERM CARE OF CHILDREN WITH DISABILITIES; REQUIRING THE DEPARTMENT OF HEALTH AND FAMILY SERVICES TO DEVELOP A PLAN TO ADMINISTER AND FUND SERVICES FOR PERSONS WITH DEVELOPMENTAL DISABILITIES; AND REQUIRING THE EXERCISE OF RULE-MAKING AUTHORITY

Legislative Members: Wisconsin Council on Developmental Disabilities

Background

Under current law, as modified by 2001 Act 59, the council on developmental disabilities must consist of state residents appointed for staggered 4 year terms who represent all geographic areas of the state and who reflect the state's racial and ethnic diversity.

State residents appointed to the council must represent the following: (1) the department of workforce development, the department of health and family services, and the department of public instruction; (2) individuals with developmental disabilities who are any of the following: individuals with developmental disabilities, parents or guardians of children with developmental disabilities, or immediate relatives or guardians of adults with mentally impairing developmental disabilities; (3) the entity designated by the federal department of health and human services as a university center for excellence in developmental disabilities education, research and services; (4) the state protection and advocacy system; and (5) each of the local governmental agencies, non-governmental agencies and private non-profit groups concerned with services for individuals with developmental disabilities.

In addition, current law requires at least 60% of the council's membership to be any of the following: (1) individuals with developmental disabilities, (2) parents or guardians of children with developmental disabilities, or (3) immediate relatives or guardians of adults with mentally impairing developmental disabilities. Of these individuals, at least one third must be individuals with developmental disabilities, one third must be parents or guardians of children with developmental disabilities or immediate relatives or guardians of adults with mentally impairing developmental disabilities, and one third must be individuals with developmental disabilities, parents or guardians of children with developmental disabilities, or immediate relatives or guardians of adults with mentally impairing developmental disabilities. At least one of these members must reside in or have previously resided in an institution, including a state center for the developmentally disabled, or be the immediate relative or guardian of such an individual.

The council has the following duties:

- Designate appropriate state or local agencies for the administration of programs and fiscal resources made available to the council under federal legislation affecting the delivery of services to the developmentally disabled.
- Perform the following responsibilities related to the state plan for the delivery of services to the developmentally disabled and the construction of facilities:
 - ◆ Develop, approve and continue modification of the statewide plan.
 - ◆ Monitor and evaluate the implementation of the statewide plan.
- Review and advise the DHFS on community budgets and community plans for programs affecting persons with developmental disabilities.
- Participate in the development of, review, comment on and monitor all state plans in the state which relate to programs affecting persons with developmental disabilities.
- Serve as an advocate for persons with developmental disabilities.
- Provide continuing counsel to the Governor and the Legislature.

[ss. 15.197 (11n) and 51.437 (14r), Stats.]

During its deliberations, the Special Committee on Developmental Disabilities discussed whether the addition of legislative members to the council would increase awareness within the Legislature of issues affecting persons with developmental disabilities. The Special Committee also reviewed other state-level councils which contain legislative members, particularly the Council on Domestic Abuse under s. 15.197 (16), Stats., which has four legislative members.

Description of the Bill

This bill amends current law regarding the membership of the council on developmental disabilities as follows:

- Requires the Governor to appoint four legislative members to the council on developmental disabilities, as designated by the Speaker of the Assembly, the Assembly Minority Leader, the Senate Majority Leader and the Senate Minority Leader.
- Requires the council to evaluate the waiting lists for developmental disabilities services compiled by DHFS and to submit an annual report regarding the status of the waiting lists to the legislature in the end of each calendar year.

Children's Long-Term Support Redesign

Background

In 1997, the Wisconsin DHFS appointed a children's committee on long-term support as part of the effort to redesign the state system on long-term care. The children's long-term support committee identified the following systemic problems regarding the current system of children's long-term care service: access to long-term support services is complicated and inconsistent throughout the state, choice of available services often does not meet families' needs, coordination of services among programs is duplicative, quality assurance for services is poorly monitored and enforced, and funding of long-term care services is inadequate to meet the growing need for services.

In response to these concerns, the children's long-term support redesign committee developed a model to redesign the current system of care for children and their families which will be implemented as a pilot program and funded by federal Medicaid waiver funding. The children's home and community-based waiver would define children with physical, sensory, developmental and significant health care needs as eligible. The waiver would permit the blending of the family support program, the Community Options Program (COP), and MA waiver funding into a single funding stream. The intended effects are to streamline services and secure additional federal matching funds. DHFS would offer the waiver to children and families currently receiving services through family support, COP, MA home and community-based waivers and MA fee-for-service. Under the waiver, the funds for these programs would be managed within individual budgets based upon the child's functional needs. DHFS would pilot this waiver on a statewide, voluntary basis. The current family care pilot counties would have the option of piloting the children's waiver and coordinating it with the family care program. Families already receiving long-term support services would be offered the opportunity to enroll in the children's waiver on a voluntary basis.

The Special Committee determined that the current structure of long-term care services for children does not address the unique needs of developmentally disabled children and their families.

Description of the Bill

The bill requires DHFS to seek the necessary federal waivers and enactment of necessary statutory language and funding to implement the children's long-term support redesign on a pilot basis as soon as possible before July 1, 2004. The bill also provides for the expansion of eligibility under certain long-term care programs currently serving children to include children with severe disabilities and long-term care needs and children eligible for MA with high medical costs, and the expansion of MA to include services focused on the needs of children with developmental disabilities and their families. DHFS is required to provide transitional services to families whose children with physical or developmental disabilities are preparing to enter the adult service system.

Administration and Funding of Developmental Disabilities Services

Background

At the time the Special Committee developed its recommendations, most services for persons with developmental disabilities were administered through three different divisions in the DHFS: the Division of Care and Treatment Facilities (state centers for the developmentally disabled); the Division of Health Care Financing (MA-funded services for persons with developmental disabilities); and the Division of Supportive Living (most community-based services for persons with developmental disabilities).

The Special Committee determined that the current structure for administering developmental disabilities services inhibits the ability to view the service system for persons with developmental disabilities as a whole.

Shortly before the bill was introduced, DHFS announced plans to recognize the DHFS by merging the Division of Care and Treatment Facilities and the Division of Supportive Living into one new division, the Division of Disability and Elder Services.

Description of the Bill

The bill requires the DHFS to develop a plan to administer and fund services for persons with developmental disabilities, and to submit that plan to the Department of Administration as part of the department's budget request for the 2005-07 Biennium. The plan that is submitted shall include any recommended statutory language changes that are needed to implement the plan. The plan must require all institutional and community-based services for persons with developmental disabilities to be administered within one administrative subunit of the department. The subunit designated to do this must be the subunit that is administering community-based services for persons with developmental disabilities as of the effective date of this act.

Further, the plan must provide that funding under the MA program for institutional services and home and community-based waiver services for persons with developmental disabilities shall be combined into one appropriation to the extent permissible under federal law. The department must apply for any necessary waivers of federal MA statutes and regulations from the federal DHFS.

Committee and Joint Legislative Council Votes

The bills described in this report were first introduced in the 2001 Legislative Session as 2001 Senate Bills 231 and 289 and Assembly Bills 473 and 590. Neither bill passed in the 2001 Session, although parts of Senate Bill 289 and Assembly Bill 590 were incorporated into the 2001-03 Biennial Budget Bill (2001 Wisconsin Act 16) and enacted into law. (See *General Report of the Joint Legislative Council to the 2001-02 Legislature*, October 2002, pp. 9-10.) On March 12, 2003, the Joint Legislative Council voted unanimously to reintroduce the proposals into the 2003-04 Legislature. The votes by the Special Committee and by the Joint Legislative Council for introduction of the proposals are listed below.

SPECIAL COMMITTEE VOTES

The following drafts were recommended by the Special Committee on Developmental Disabilities to the Joint Legislative Council for introduction in the 2001-02 Session of the Legislature:

WLC: 0142/1, relating to requiring the creation of a task force to develop a plan to close at least one state center for the developmentally disabled, was recommended by a vote of Ayes, 13 (Sens. Robson and Roessler; Reps. Foti and Plouff; and Public Members Brinkman, Friese, Helgesen, McGwin, Olson, Ryan, Thompson, Ward and Wittenmyer); and Noes, 0.

WLC: 0059/2, relating to adding legislative members to the council on developmental disabilities, and requiring an annual report to the Legislature; WLC: 0060/2, relating to permitting counties to provide the nonfederal share of MA to create additional brain injury waiver slots; WLC: 0100/2, relating to requiring the DHFS to promulgate rules relating to registered nurse visits as part of a review of a plan of care for persons receiving personal care services under the MA program, and requiring rule-making; and WLC: 0116/1, relating to requiring the DHFS to develop a plan to require one subunit within the DHFS to administer all institutional and community-based services for persons with developmental disabilities; and to combine all funding under the MA program for institutional and community-based services into one appropriation.

The vote was as follows: Ayes, 13 (Sens. Robson and Roessler; Reps. Foti and Plouff; and Public Members Brinkman, Friese, Helgesen, McGwin, Olson, Ryan, Thompson, Ward and Wittenmyer); Noes, 0.

These drafts were subsequently redrafted as WLC: 0151/1.

JOINT LEGISLATIVE COUNCIL VOTES

At its March 12, 2003 meeting, the Joint Legislative Council voted unanimously to reintroduce 2003 Senate Bills 73 and 74 into the 2003-04 Session of the Legislature.
