PART I

KEY PROVISIONS

OF COMMITTEE RECOMMENDATIONS

The Joint Legislative Council recommends the following for introduction in the 2011-12 Session of the Legislature.

2011 Assembly Bill 141, Relating to the Minnesota-Wisconsin Student Reciprocity Agreement, the Wisconsin Higher Education Grant Program, and Making an Appropriation

Assembly Bill 141 modifies the requirements for terms of the Minnesota-Wisconsin student reciprocity agreement to require each student participating in the reciprocity program to pay the higher of the resident tuition in the student's home state or the resident tuition in his or her state of attendance. The bill would also prohibit the payment of a reciprocity supplement by the State of Wisconsin.

The bill would first apply to the administrative memorandum prepared after the effective date of the act, for students who initially enroll under the reciprocity agreement after the effective date of the act. The bill would apply to all students enrolled under the reciprocity agreement under the administrative memorandum prepared on or after the first day of the 37th month after publication of the act.

In addition, the bill would require the amount of any tuition differential received by the University of Wisconsin (UW) System under the Minnesota-Wisconsin student reciprocity agreement to be credited to the appropriation for the Wisconsin Higher Education Grant for UW System students, after accounting for any remaining payments made by Wisconsin to Minnesota under the reciprocity agreement.

2011 Assembly Bill 142, Relating to Enrollment Requirements for Recipients of Talent Incentive Grants

Assembly Bill 142 specifies that recipients of talent incentive program grants need not maintain continuous enrollment in their higher education institutions. Under the bill, recipients would be eligible to receive the grants for up to 10 semesters during a six-year period.

2011 Assembly Bill 143, Relating to the Wisconsin Higher Education Grant Program, Tuition Grant Program, Lawton Minority Undergraduate Grant Program, Minority Undergraduate Retention Grant Program, and Making Appropriations

Assembly Bill 143 amends appropriations for the Wisconsin higher education grant, Wisconsin tuition grant, Lawton grant, and minority undergraduate retention grant programs to make the appropriations sum sufficient rather than sum certain amounts beginning in the 2012-13 fiscal year.

Under the bill, the sum sufficient appropriations would equal the amount appropriated for those grants in the previous fiscal year (base amount), increased by the average percentage by which specified academic or program fees for the next academic year and the year after next are estimated to exceed those charged during the current academic year.

2011 Assembly Bill 144, Relating to Creating a Commission on Financial Aid Consolidation and Modernization

Assembly Bill 144 creates a temporary commission on financial aid consolidation and modernization in the Higher Education Aids Board (HEAB), consisting of the following 11 members:

- The HEAB Executive Secretary.
- The Chairperson of HEAB.
- A HEAB member designated by the Chairperson.
- Two representatives of the UW System.
- Two representatives of the Wisconsin Technical College System (WTCS).
- Two representatives of the Wisconsin Association of Independent Colleges and Universities (WAICU).
- One member of the Assembly appointed by the Speaker of the Assembly.
- One member of the Senate appointed by the Senate Majority Leader.

Under the bill, the commission is directed to study the potential for consolidating all grant programs administered by HEAB into a single, comprehensive, need-based grant program, as well as options for providing grant aid for students who are attending Wisconsin institutions of higher education at less than full-time credit loads. The commission is directed to report its recommendations to HEAB and the Legislature no later than April 1, 2012, at which time the commission shall terminate its activities and cease to exist.

PART II

COMMITTEE ACTIVITY

Assignment

The Joint Legislative Council established the Special Committee on Review of Higher Education Financial Aid Programs and appointed the chairperson by a May 7, 2010 mail ballot. The committee was directed to review current laws relating to financial aid for higher education in order to improve student access to higher education, maximize utilization of higher education resources, and retain qualified graduates in Wisconsin. Policies for review may include: (a) the Wisconsin Covenant; (b) loan forgiveness programs; (c) Wisconsin/Minnesota tuition reciprocity; (d) academic excellence scholarships; and (e) need-based grants and loans.

Membership of the Special Committee was appointed by June 30, 2010 and October 20, 2010 and January 27, 2011 mail ballots. The final committee membership consisted of one Senator, one Representative, and 13 public members. A list of committee members is included as *Appendix 3* to this report.

Summary of Meetings

The Special Committee held four meetings on the following dates:

August 17, 2010
October 7, 2010
November 9, 2010
December 21, 2010

At the August 17 meeting, the Special Committee heard invited testimony from several speakers. **Emily Pope**, Analyst, Legislative Fiscal Bureau (LFB), provided an overview of the various sources of student financial aid, including state and federal need-based and merit-based aid programs, and aid from institutional and private funds. **Dan Clancy**, WTCS President, and **Morna Foy**, System Vice President for Policy and Government Relations, WTCS, described the impact of financial aid shortfalls on Wisconsin technical colleges and the unique characteristics of technical college students. They also testified that there has been a sharp increase in the number of financial aid applications submitted to Wisconsin technical colleges, particularly during the past two years. **Noel Radomski**, Wisconsin Center for the Advancement of Postsecondary Education, described the landscape surrounding financial aid for higher education in Wisconsin. **Connie Hutchison**, Executive Secretary, HEAB, provided an overview of Wisconsin financial aid programs, including eligibility requirements and formulas used to determine awards, and presented a five-year appropriations history for the Wisconsin Higher Education Grant. **Sara Goldrick-Rab**, Assistant Professor, Educational Policy Studies and Sociology, UW-Madison, presented findings of the Wisconsin Financial Aid Study ("WiscAid"), which has studied experiences of undergraduate students in Wisconsin's higher education institutions to determine how financial resources have affected their college experiences. **Rolf Wegenke**, President, WAICU, testified that Wisconsin needs significant numbers of additional postsecondary degree holders and described the demographic and economic challenges facing the state in this regard. **Maria Flores**, HEAB, presented a student's perspective on the importance of financial aid. **Kevin Reilly**, President, and **Kristofer Frederick**, Budget and Policy Analyst, UW System Administration, described the UW System's interrelated goals of producing more graduates and more jobs and provided an overview of financial aid statistics and trends for the UW System. Finally, **Shannon Loredo**, Director, Office of the Wisconsin Covenant, gave an overview of the Wisconsin Covenant program.

At the October 7, 2010 meeting, the Special Committee heard invited and public testimony. **John Eich**, Director, Wisconsin Office of Rural Health, described Wisconsin's Health Professions Loan Assistance Program (HPLAP) and discussed health care needs in Wisconsin. **Kevin Formolo**, Counselor, South High School, Sheboygan School District, provided the committee with information on state and national models for school counseling and discussed barriers to higher education. **Jane Hojan-Clark**, Executive Director, Department of Financial Aid, UW-Milwaukee, provided institutional data on financial aid and student need at UW-Milwaukee and discussed national and state challenges in financial aid. **Amy Kerwin**, Chief Guaranty Officer, Great Lakes Higher Education Guaranty Corporation (GLHEC), described financial aid programs supported by GLHEC.

The committee also heard public testimony from **Mara Brooks**, Director of Government Services, Wisconsin Dental Association, **Sheila Stover**, Clinical Assistant Professor, and Director, Rural Outreach Programs, **Amanda Falkowski**, Practice Placement Director, Marquette University School of Dentistry, and **Mary Czech-Mrochinski**, Director of Government Relations, Marquette University.

The committee began to discuss its assignment.

At the November 9, 2010 meeting, the Special Committee received information regarding HEAB budget plans, provided by committee members Jane Hojan-Clark and Mary Jo Green. Next, Emily Pope, LFB, presented three memoranda prepared in response to questions raised by the committee.

The committee also discussed options for committee recommendations. It was the consensus of the committee that Legislative Council staff should prepare bill drafts or additional information regarding the following options: elimination or reduction of the Academic Excellence Scholarship award; modification of the Minnesota-Wisconsin tuition reciprocity program; a proposal similar to 2007 Senate Bill 450, with the minority retention grant added; and the possible consolidation of existing grant programs administered by HEAB.

At the December 21, 2010 meeting, the Special Committee discussed an option for the elimination of some non-need-based financial aid programs and moving the cost savings to need-based programs. It was the consensus of the committee not to move forward with such an option. The committee also reviewed several bill drafts, including WLC: 0052/1, which relates to the Wisconsin-Minnesota tuition reciprocity agreement; WLC: 0053/1 and WLC: 0057/1, relating to the elimination and reduction, respectively, of the Academic Excellence Scholarship program; WLC: 0064/1, relating to Talent Incentive Program grants; WLC: 0065/1, relating to the Wisconsin higher education grant, tuition grant, Lawton minority undergraduate grant, and minority undergraduate retention grant programs; and WLC: 0076/1, relating to a temporary commission on financial aid consolidation and modernization.

This was the final meeting of the Special Committee.

PART III

RECOMMENDATIONS INTRODUCED BY THE JOINT LEGISLATIVE COUNCIL

This part of the report provides background information on, and a description of, the bills as recommended by the Special Committee on Review of Higher Education Financial Aid Programs and introduced by the Joint Legislative Council.

2011 Assembly Bill 141, Relating to the Minnesota-Wisconsin Student Reciprocity Agreement, the Wisconsin Higher Education Grant Program, and Making an Appropriation

Background

Under the terms of the current Minnesota-Wisconsin student reciprocity agreement, Wisconsin students who attend public institutions of higher education in Minnesota are charged tuition at a rate equivalent to the cost of resident tuition at that Minnesota institution of higher education. In contrast, the tuition charged to a Wisconsin student attending a public institution of higher education in Minnesota is paid through a combination of payments from the student and the State of Wisconsin. The Wisconsin student pays an amount equivalent to the resident tuition that the student would be charged if he or she attended a comparable institution of higher education in Wisconsin, and the State of Wisconsin pays an amount equal to the difference between Minnesota resident tuition and Wisconsin resident tuition under a “reciprocity supplement program.”

Often, under the reciprocity agreement, the amount of tuition paid by Minnesota students exceeds the resident tuition charged by the UW System. Accordingly, UW System institutions collect more tuition revenue from Minnesota residents than would otherwise be paid by Wisconsin residents. The amount of tuition in excess of the comparable tuition for Wisconsin residents is classified as “GPR-Earned” and deposited in the state’s general fund.

Description

Assembly Bill 141 would require each student participating in the reciprocity program to pay the higher of the resident tuition in the student’s home state or the resident tuition in his or her state of attendance and would prohibit the payment of a reciprocity supplement by the State of Wisconsin. Accordingly, the full cost of Minnesota resident tuition for a Wisconsin student attending a public institution of higher education in Minnesota would be paid by the student. The bill would first apply to the administrative memorandum prepared after the effective date of the act, for students who initially enroll under the reciprocity agreement after the effective date of the act. The bill would apply to all students enrolled under the reciprocity agreement under the administrative memorandum prepared on or after the first day of the 37th month after publication of the act.

The bill would require the amount of any tuition differential received by the UW System under the Minnesota-Wisconsin student reciprocity agreement to be credited to the appropriation for the Wisconsin Higher Education Grant for UW System students, after accounting for any remaining payments made by Wisconsin to Minnesota under the reciprocity agreement.

2011 Assembly Bill 142, Relating to Enrollment Requirements for Recipients of Talent Incentive Grants

Background

Under current law, HEAB awards talent incentive program grants, not to exceed \$1,800 per student during a given academic year, to uniquely needy students attending colleges and universities in the state. First-time grant recipients are chosen as freshmen students by school financial aid officers or by counselors of the Wisconsin educational opportunities program. The grants may be awarded for no more than 10 consecutive semesters.

Under current HEAB administrative rules, students are generally required to maintain continuous enrollment from semester to semester, or quarter to quarter, in order to remain eligible to receive grants under the subsection. The Executive Director of HEAB may make exceptions in cases of illnesses or disabilities which prevent attendance, and must make exceptions for persons affected by active duty military service.

Description

Assembly Bill 142 amends s. 39.435 (2), Stats., to specify that recipients of talent incentive program grants need not maintain continuous enrollment in their higher education institutions. Under the bill, recipients would be eligible to receive the grants for up to 10 semesters during a six-year period.

2011 Assembly Bill 143, Relating to the Wisconsin Higher Education Grant Program, Tuition Grant Program, Lawton Minority Undergraduate Grant Program, Minority Undergraduate Retention Grant Program, and Making Appropriations

Background

Under current law, HEAB provides higher education grants to Wisconsin residents enrolled in the UW System, a technical college, or a tribal college; tuition grants awarded to Wisconsin residents enrolled in accredited, nonprofit institutions; and minority undergraduate retention grants are awarded to minority undergraduate students enrolled at least half-time in independent, technical, and tribal institutions in the state. In addition, the UW Board of Regents awards Lawton grants to minority undergraduates enrolled in the UW System. Sum certain amounts are appropriated in each fiscal year such programs.

Description

Assembly Bill 143 amends the appropriations for higher education grants, tuition grants, Lawton grants, and minority undergraduate retention grants to make them sum sufficient rather than sum certain.

Under the bill, the sum sufficient appropriations would equal the amount appropriated for those grants in the previous fiscal year (base amount), increased by the average percentage by which specified academic or program fees for the next academic year or the year after next are estimated to exceed those charged during the current academic year.

2011 Assembly Bill 144, Relating to Creating a Commission on Financial Aid Consolidate and Modernization

Background

The committee heard testimony regarding the relative efficacy of need-based financial aid compared with non-need-based financial aid programs. It also heard testimony suggesting that the large number of financial aid programs sometimes creates confusion for students. The committee discussed options for consolidating various programs administered by HEAB to eliminate some non-need-based programs and transfer cost savings to need-based programs. The committee recommended a temporary commission to examine various options for consolidating programs.

Description

Assembly Bill 144 creates a temporary commission on financial aid consolidation and modernization in HEAB. The bill specifies the membership of the commission to consist of the following 11 members:

- The HEAB Executive Secretary.
- The Chairperson of HEAB.
- A HEAB member designated by the Chairperson.
- Two representatives of the UW System.
- Two representatives of the WTCS.
- Two representatives of the WAICU.
- One member of the Assembly appointed by the Speaker of the Assembly.
- One member of the Senate appointed by the Senate Majority Leader.

Under the bill, the commission is directed to study the potential for consolidating all grant programs administered by HEAB into a single, comprehensive, need-based grant program, as well as options for providing grant aid for students who are attending Wisconsin institutions of higher education at less than full-time credit loads. The commission is directed to report its recommendations to HEAB and the Legislature no later than April 1, 2012, at which time the commission shall terminate its activities and cease to exist.
