

Hello,

Wisconsin counties are now required by state statute to submit ward level geographic information system (GIS) data to the Legislative Technology Services Bureau (LTSB) twice a year; in January and July. LTSB has created the [WISE Decade](#) system to assist and facilitate compliance with these statute changes.

Please find your WISE Decade credentials below:

Username: (your county)

Password: (your password)

(Note: User logins are not available on the WISE Decade system until the beginning of 2016)

Collection will begin on: **Monday, January 4th, 2016**

And will conclude on: **Monday, January 18th, 2016**

For more information on the statute changes and this project please visit our website:

<http://legis.wisconsin.gov/ltsb/gis/wise-decade/>.

If you have any application support or data questions, please e-mail the LTSB GIS team at:

support.wise-decade@legis.wisconsin.gov.

----- **Additional Submissions** -----

School District Collection

The WISE - Decade system can now be used to submit School District information to the Department of Public Instruction (DPI). Please visit <http://dpi.wi.gov/gis/school-district-boundaries> for program details and data requirements. For more information you may contact Melanie McCalmont at: melanie.mccalmont@dpi.wi.gov.

Thank you,

The LTSB GIS Team
Wisconsin Legislature
