

COMMUNITY ALERT

DONATE TO SAVE LIVES!

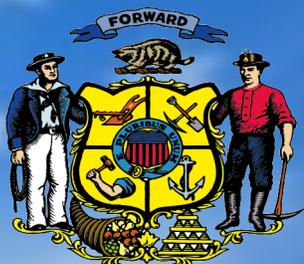

The Bloodcenter of Wisconsin is hosting a blood drive this Saturday from 9 AM to 2 PM at the Northcott Neighborhood House on 6th St.

**Make an appointment to give:
877-232-4376**

Dear Friend,

Thank you for reading the legislative update. I hope you find the information provided here useful.

As Always, I'm Here to Serve!

TOWN HALL: AFFORDABLE CARE ACT

I will be hosting a town hall meeting on the Affordable Care Act on Tuesday, November 19th from 6 to 8 PM. The meeting will take place at the Holy Redeemer Institutional Church located at 3500 W. Mother Daniels Way in Milwaukee. Anyone who needs help with enrollment, has questions about the Affordable Care Act, or would like to receive a free blood pressure screening is encouraged to stop by! Special Remarks will be made by Kathleen Falk, Region V Director of the US Department of Health and Human Services. For more information, check out my Facebook page or call my office at (414) 342-7176.

COMPUTER SCIENCE IS THE FUTURE

Senate Bill 51 increases the mathematics and science credits required for graduation and adds computer science to the mathematics department. This bill is significant to me because I believe that computer science should be a part of the academic culture in our schools. By 2020, the CS field is expected to have one million more jobs than students. I want to diversify the population who fills these jobs because according to Code.org, only fifteen percent of CS students are women, and only eight percent are people of color. Studying computer science is a great educational investment and I encourage all my young constituents to take any opportunity in sight to pursue it.

NOVEMBER: ADOPTION AWARENESS MONTH

November is national adoption awareness month! In the United States, there are over a hundred-thousand children and youth in foster care waiting for adoptive families. In Wisconsin alone, thousands of children need a permanent home. St. Aemilian-Lakeside Inc. is a Milwaukee based foster care organization that is making a difference in our community. As the holiday season approaches, no child should be left alone. Help me raise awareness for all these children this November. Visit <http://www.st-al.org/> to see how you can help out.

SENATE SCHOLARSHIP PROGRAM

The Senate Scholarship Program is a week long program that allows high school juniors and seniors to get an inside look at their state legislature. Scholars will stay in Madison for a week of exciting scheduled programming, which includes attending committee hearings, participating in mock legislative activities, and getting a taste of the local culture in Madison! For more information on the Senate Scholarship Program, visit <http://legis.wisconsin.gov/senate/scc/ssp/senatescholar.asp>.
