Senator Tom Tiffany Votes No on Appointments of Brian Bell and Michael Haas

MADISON, Wis. - State Senator Tom Tiffany (R-Hazelhurst) released the following statement after the adjournment of the Wisconsin State Senate Floor Session today:

“Today, I voted against the confirmation of Brian Bell and Michael Haas as the Administrators of the Ethics and Elections Commissions. The John Doe investigation is a black mark on the history of clean government in Wisconsin. It is important to move beyond the failed Government Accountability Board (GAB). Mr. Bell and Mr. Haas both served in leadership positions at the GAB and do not have the confidence of many of our members, including me.

“Now, I am calling for David Buerger and Nathan Judnic to step aside. They carry the black mark from the John Doe Investigations. It is time for a fresh start at the Ethics and Elections Commissions.”
