## **STATEMENT ON RESIGNATION OF LENA TAYLOR**

“I will miss working with my friend, Senator Lena Taylor. Although we come from different backgrounds and political philosophies, Lena and I were able to work together more often than not, as we did on improving policing. Never at a loss for (a lot) of words, Lena was a passionate advocate for Milwaukee and her beliefs. Even when we weren’t able to reach an agreement, we were often able to reach understanding. I look forward to working with her in her new capacity as a member of the judiciary.”
