EVERS' STATE OF THE STATE LIKE A BROKEN RECORD

Senator Van Wanggaard (R-Racine) released the following statement following Governor Evers' State of the State Address:

“Tony Evers is a broken record. Every year, his speech is nothing more than asking for blank checks to expand government without guiderails. More money for public schools. More money for bureaucrats. Virtue signaling over problem solving. Subsidize child care companies rather help people pay for child care. Partisan attacks cloaked in a mild-mannered, soft voice. Not a single word of returning the record budget surplus to taxpayers. And this year, a bizarre shout out to our do-nothing Senator, Tammy Baldwin.”

“He’s almost plagiarizing his speech from last year, and the year before that, and the year before that, and before that, and before that. While the words in the speech may change every January, the message doesn’t. He’s devoid of new ideas, a bystander in his own administration.”
