Statement on New Revenue Estimates

Madison, WI — Senator Chris Kapenga (R-Delafield) released the following statement after the Legislative Reference Bureau released its latest revenue projections:

“Over the last eight years, legislative Republicans have helped create a positive environment for both wages and business income around Wisconsin to grow and thrive. These revenue increases validate that conservative budgeting coupled with pro-growth policies delivers results.”

“Moving forward, the most prudent thing would be to utilize these additional revenues to replace borrowing in our current budget cycle. When families have extra money in their budget, they don’t put their bills on their credit card. They know that it simply doesn’t make sense to use that credit card and end up paying additional interest. I think voters have asked us, as their voice, to use that same common sense when it comes to the state budget.

###

Senator Kapenga represents the 33rd Senate District, which covers most of central Waukesha County and Lake Country.
