Senator Lazich Applauds Approval of Senate Bill 178

Madison, Wis. – Today, the Wisconsin State Senate approved Senate Bill 178 (SB 178), legislation that changes lead inspection requirements during certain lead-safe renovations. Senate President Mary Lazich (R-New Berlin) issued the following statement:

“The approval of SB 178 protects consumers and eliminates excessive and burdensome bureaucratic rules. SB 178 allows for money to be spent on lead safe renovation practices, rather than senseless, cumbersome, bureaucratic red tape that does not serve a useful purpose.”

“Additionally, SB 178 protects consumers by ensuring owners receive written notification about inspections and renovations.”

Senator Lazich represents parts of Milwaukee, Waukesha, Racine, and Walworth counties.
