Vukmir announces Sweet 16 social media campaign

MADISON, Wis. — With March Madness coinciding with the end of the 2015-16 legislative session, state Sen. Leah Vukmir, R–Brookfield, put together a bracket on social media to highlight the reforms and initiatives that the state legislature has championed over the last two years.

“From increasing the maximum speed limit to 70 mph to expanding educational options for families, this Sweet 16 of legislative accomplishments gives a snapshot of the issues my colleagues and I worked to address this biennium,” Vukmir said.

[On Vukmir’s official Facebook page](#), participants can find a description of each Sweet 16 issue, and they can cast their votes by filling out the survey [linked here](#). As the NCAA tournament moves along, so will this competition, and the issues that win will advance to the Elite 8, then the Final 4 — all the way to the championship.

Polls close on the first round of voting Sunday, March 27, at 6 p.m. Voters are encouraged to tweet about their favorite legislative accomplishments using the hashtag #WISweet16.
