# RON TUSLER

STATE REPRESENTATIVE • 3<sup>rd</sup> ASSEMBLY DISTRICT

FOR IMMEDIATE RELEASE

February 11, 2021

## **Representative Tusler Praises Audit Committee for Election Audit** *An Audit is Critical to Ensuring Integrity in our Elections*

Madison, WI – State Representative Ron Tusler (R-Harrison) released the following statement after the Joint Legislative Audit Committee made the decision to audit Wisconsin’s Election Administration:

“I am pleased to hear that the Legislative Joint Audit Committee moved forward with their decision to examine how the 2020 general election was administered, and the overall election process. When I was Chair of the Assembly Committee on Campaigns and Elections, I heard from countless individuals about their concerns over numerous election irregularities in the 2020 general election.

I am disappointed that Governor Evers and Attorney General Kaul did not take action regarding evidence brought forward in the December 11, 2020 hearing in my committee.

It is my hope that the non-partisan Legislative Audit Bureau will follow through with many of the reasonable suspicions heard during the December 11th election investigation hearing. I trust they will take an unbiased look at these allegations in a neutral way, and come to a conclusion once all the facts have been examined.

Further, I would like to thank Representative Kerkman for her leadership on this important issue. The people of Wisconsin deserve to know that their elections are fairly administered.”
