

Local business of the Month:

Regano's Roman Coin

Built in 1890, the historic Pabst Saloon building has had many owners. In 1966, Joe and Peggy Regano added their names to that list. Now run by their daughter, Teri Regano, it continues to be a neighborhood destination.

Able to host parties of up to 70 and well known for allowing dogs inside, this neighborhood tavern has the perfect mix of old and new. Beautifully designed by renowned architect Otto Strack, the building now shines with updates put in place by Teri with her father's blessing.
