Dear Wisconsin Congressional Delegation,

With the recent reports of the conditions at Immigration and Customs Enforcement (ICE) facilities along the border for children separated from their families, it is crucial that Congress use its oversight authority to demand and ensure better, more humane conditions at these facilities.

As a result of the current administration's decision to no longer prioritize potentially dangerous people who are in our country and to instead target any immigrants, including children, we have seen drastic overcrowding in detention facilities with staff overworked and a lack of funding to deal with the increased number of people, including children, being detained.

We call on you, as Wisconsin's delegates in Washington to hold hearings in both the House and the Senate and to visit the facilities to see the conditions firsthand. In addition, we hope that you will take action to ensure that any ICE and contracted facilities in Wisconsin meet the appropriate humane conditions for those in their care.

This issue demands immediate attention, with the lives and well-being of children in jeopardy due to the current conditions. We look forward to your timely response and direct action on this matter.

Sincerely,

Amanda Stuck
