Madison – State Representative Janel Brandtjen (R- Menomonee Falls) issued the following statement regarding DPI's request for an additional \$1.6 billion for the next biennial budget:

"It is an embarrassment that DPI is asking for \$1.6 billion while businesses fail, unemployment soars, school for many children has been interrupted, and parents have had to scramble to balance virtual classes with work schedules. DPI's first request to a recovering economy is higher taxes? It is clear that the leaders of our public education system are completely out of touch."
