Rep. Deb Andraca Reacts to Governor Evers' Biennial Budget Address

MADISON, Wis. — Governor Evers announced a biennial state budget that uses a record \$7 billion surplus to make sound investments in Wisconsin's future. Representative Deb Andraca (D-Whitefish Bay) issued the following statement in response to the Governor's speech:

"My constituents, both Republicans and Democrats, want safe neighborhoods, excellent public schools, and healthy communities where families can thrive. Our state must also cultivate a competitive business climate that can attract and retain the best and brightest. What we heard from Governor Evers tonight can deliver on all of these priorities.

"With a record-breaking \$7.1 billion surplus, Wisconsin is in its best fiscal shape in history. The Governor's plan uses some of this surplus to provide tax breaks to middle-class families while at the same time restoring funding for education, local governments, and public safety.

"I look forward to hearing from my constituents about how these proposals can make a difference in their everyday lives, and I welcome the opportunity to work with my Republican colleagues," said Andraca. "It's time for all of us to come together to create a budget that reflects our Wisconsin values and builds a brighter future for our state."
