Madison- Yesterday, the State Legislature sent to the Governor's desk a set of pro-life bills passed by both houses. Today, Governor Evers chose to veto these bills, acting against the sanctity of life and the will of the legislature and the people.

Rep. Mary Felzkowski (R-Irma) stated: "This blatant disrespect for the sanctity of human life is disappointing, but sadly not unexpected from a Governor who continuously chooses private interests over the people of Wisconsin."

"There are plenty of choices that precede pregnancy. Sadly, the one choice that always gets forgotten is that of the unborn child and whether or not they get a say in having the ability to live their life and chase their dreams. I will continue to fight for those lives."
