### **Rep. Jacobson Statement on Assembly Floor Session**

MADISON - Today, Legislative Republicans passed a gerrymandered redistricting map, amended Assembly Bill 415. Representative Jacobson (D-Oregon) released the following statement:

“The people of Wisconsin have spoken, repeatedly, about their desire for fairness, transparency, and bipartisanship. This bill is anything but,” said Representative Jacobson. “This bill is simply a different form of gerrymander, drawn to protect incumbent Republicans.”

“No member of this body, no matter what side of the aisle they represent or the tantrums they throw, is entitled to be a representative. The people of Wisconsin choose us, not the other way around.

“These maps are not ours, they are the people’s maps.”
