Harmful Anti-Trans Bills Pass Assembly

MADISON - Today, Assembly Representative Jenna Jacobson (D-Oregon) issued the following statement regarding the anti-trans bills put forward by Assembly Republicans.

“These bills are extremely harmful to our LGBTQ+ communities. They are a blatant attempt to codify discrimination and perpetuate damaging, inaccurate, and deeply offensive stereotypes against the trans community. This legislation, like other legislation we have seen, tries to stand between medical professionals and their patients.

“I am proud to stand with my Democratic colleagues to vote against these bills and am grateful our governor has promised to veto them should they cross Governor Evers’ desk.”
