Representative Snodgrass Statement on President Biden's Lifting of Military's Transgender Ban

Representative Snodgrass praises prioritization of non-discrimination in lifting of ban for transgender service members

MADISON — Representative Lee Snodgrass released the following statement regarding the Biden administration's rescinding the ban on transgender service members serving in the military.

“With today’s action lifting the ban on transgender individuals serving in the military, the Biden Administration exhibits their priorities for making sure discrimination has no place in our armed services. If an individual desires to defend their country in military service, is qualified to do so, and upholds the standards for service, they should be allowed to serve openly and free from discrimination. I am grateful that new recruits who are transgender may now pursue this path and transgender military currently serving may feel that the Commander in Chief has their back, as they have the back of our nation.”

Representative Lee Snodgrass serves as the Assembly Representative to the 57th district which comprises central and southern Appleton, Menasha and the Village of Fox Crossing. She was elected in November 2020 and succeeds Rep. Amanda Stuck.
