Governor Walker's Election Year Bribe

MADISON – Today, Governor Walker and Speaker Robin Vos announced their plan for a sales tax holiday and child tax credit. Assembly Democratic Leader Representative Gordon Hintz (D-Oshkosh) released the following statement on the plan.

"This is an election year bribe. The Governor might as well save money on postage and just hand these checks out at polling places in November.

"The Governor is desperately trying to keep his job with this one-time kickback, but it's not going to work. People want real solutions. They want our crumbling roads to be fixed. They want a commitment to public education. And they want affordable health care.

"For seven years, Governor Walker has handed out favors to his donors and corporations to stay in power. Now, he's trying to do the same with voters, but they're not going to fall for it."
