The Speaker's Task Force on Suicide Prevention Makes Strides to Save Lives

MADISON- The Speaker's Task Force on Suicide Prevention released its final report, and recommendations today. Representative Jesse James (R-Altoona) issued the following statement regarding the release of the report:

"I was honored to be a part of my first task force in the legislature and join my colleagues today in releasing the Task Force's recommendations. After traveling across the state of Wisconsin, and hearing countless heart-wrenching stories from individuals, it was clear to me that the State Legislature needed to find new ways to address the rising suicide rates in our state. I believe the Task Force's recommendations provide new ways to identify, and protect those among us who are unwilling, or unable to, protect themselves. This is a great step in reversing the rising trend."

Representative Jesse James has proudly served as a member of the Speaker's Task Force on Suicide Prevention since March 25, 2019.
