Rep. Rozar Celebrates U.S. Supreme Court's Decision in *Dobbs v. Jackson Women's Health Organization* Decision

Madison, WI – Today, the U. S. Supreme Court made the decision to overturn the 1973 *Roe v. Wade* and *Planned Parenthood v. Casey* decision through their ruling in *Dobbs v. Jackson*. “Along with other pro-life advocates who have worked diligently for this outcome over the past 49 years, I applaud the 6 justices of the U. S. Supreme Court who courageously took this step to protect the life of preborn children. It is right that this decision is being returned to the states.”

“With this reversal in legal precedent, I am calling on WI Attorney General Kaul and district attorneys across the State to enforce Wisconsin’s pre-Roe statute 940.04. Any failure to enforce a statute should be met with severe scrutiny”, Rozar stated.

Furthermore, Rozar opined, “Science has advanced over the past almost 50 years that show the uniqueness and distinctiveness of the preborn child. With ultrasound technology as well as DNA advances, the personhood of the preborn child cannot be disputed, and that personhood needs to be protected. Ending the life of the preborn child through abortion in 2022 should be unthinkable and not even an option. We need to return to a culture where life is respected, from conception to natural death.”

Rozar supports investments in crisis pregnancy centers and efforts to support those who find themselves in an unplanned pregnancy. “Children are the future of our great State and Country. Investments in their future is also an investment in all municipalities.”

Rozar also asks for prayers for the safety of the Supreme Court justices and their families as well as those on both sides of the issue as the discussion continues in states across the nation.
