Rep. Shankland Named a 2024 Conservation Champion, Completing a 100% Lifetime Score

MADISON— Today, Rep. Katrina Shankland (D-Stevens Point) announced that she has been named Conservation Champion by Wisconsin Conservation Voters (WCV), earning her a 100% lifetime score for her 12 years in the Assembly. WCV is a conservation group that aims to protect Wisconsin’s air, land, water, and public health for future generations.

In response, Rep. Shankland released the following statement:

“I’m honored to once again be named a Conservation Champion by the Wisconsin Conservation Voters. Like WCV, it is important to me to protect Wisconsin’s precious natural resources for our future generations. I greatly appreciate all the work they do and their leadership in championing priority conservation issues to protect our state for decades to come. I have been proud to work with them on a number of issues, and they have been a great partner to me in my efforts to promote conservation in Wisconsin.

“One of WCV’s missions is to hold elected officials accountable, so to earn a 100% lifetime score from them is an honor. In the legislature, I have always fought for the protection of our natural resources and public lands. I voted to preserve not only our environment, but our democracy. As lawmakers, it is our responsibility to respond to the needs of our constituents, who all deserve a safe planet to live, work, and raise a family. In doing so, I have voted in line with WCV on all priority conservation bills during my 12 years in the Assembly, and have successfully earned a perfect lifetime score.”

Rep. Shankland is being recognized for her leadership in protecting all of our state’s natural resources. This is evidenced by her work as Vice-Chair of the Speaker’s Task Force on Clean Water, a member of the Assembly Committee on the Environment, the Legislative Sportsmen’s Caucus, and as a State Lead for the National Conference of Environmental Legislators.
