**Rep. Shankland Receives 2020 Friend of Conservation Award from WI Land + Water**

MADISON – Today, Rep. Katrina Shankland (D-Stevens Point) announced that at the Wisconsin Land and Water Conservation Association (WI Land + Water) annual conference, she was recognized for her outstanding leadership and commitment to conserving our state’s natural resources by receiving the organization’s 2020 Friend of Conservation Award. WI Land + Water is a conservation group dedicated to protecting, conserving, and enhancing Wisconsin’s natural resources by supporting and advocating for county conservation efforts. Their membership includes county conservation staff and county Land Conservation Committee supervisors across Wisconsin.

In response, Rep. Shankland released the following statement:

“I’m honored to be named Friend of Conservation by WI Land + Water. They are the boots on the ground of conservation, working to keep our waters clean and our land pristine. I greatly appreciate their leadership — they’re not just the boots on the ground, but also the heart and soul of conservation. My focus in the legislature has always been on clean water, air, and public lands, and I have enjoyed working hand in hand with WI Land + Water to help ensure that our state’s natural resources are protected for generations to come.”
