Legislature Recognizes the American Birkebeiner

*Adopts Resolution Declaring February 20-26 as
American Birkebeiner Week in Wisconsin*

MADISON – With the adoption of [Senate Joint Resolution \(SJR\) 3](#) by the State Assembly during Thursday’s floor session, February 20th – 26th is now recognized as American Birkebeiner Week in Wisconsin. It was first approved by the State Senate on Tuesday. The resolution was brought forward by the four legislators who represent the Hayward-Cable area in the state legislature.

“It’s incredibly exciting to have a premier sporting event like the American Birkebeiner in our area of the state,” said Representative James Edming (R-Glen Flora). “I am pleased to author this resolution with my colleagues to recognize the Birkie and the incredible impact it has not only on northwest Wisconsin, but on our state as a whole.”

“It is a good day anytime the Legislature can honor northern Wisconsin,” added Senator Romaine Robert Quinn (R-Cameron). “The Birkebeiner brings thousands of visitors to experience the best our state has to offer. Tourism supports our communities, and we’ll do what we can to support tourism.”

The American Birkebeiner has been held since 1973 between Cable and Hayward, Wisconsin and is the largest cross-country ski race in North America. It is also the only cross-country ski race representing the United States of America within the Worldloppet Ski Federation.

“Having the Birkie in our backyard and the impact it has on our communities and Northern Wisconsin is incredible,” said Representative Chanz Green (R - Grandview). “I’m honored to recognize this event and bring forward this resolution.”

“I am delighted that the American Birkebeiner is getting the recognition it deserves,” said Senator Cory Tomczyk (R - Mosinee). “Skiing is so important to our community and brings travelers from all walks of life to our great state.”

Birkie Week festivities begin on Wednesday, February 22nd culminating with the 49th American Birkebeiner on Saturday, February 25th.
